

TUESDAY JAN. 5. 1875.

THE SENATORSHIP.

There seems to be a disposition on the part of some of the Members of the Legislature to make Sharon, the most prominent applicant for the position of United States Senator, disgorge. They seem to think he has not expended already a sufficient sum of money to entitle him to the coveted honor, and desire that of the immense wealth he has accumulated another slice shall be given to them. According to a correspondent there is a "reported defection from Sharon of several Republican members, the number being variously stated at from twelve to nineteen, who will refuse to go into caucus. The reasons assigned are various, some declaring they will oppose Sharon on the ground that he is not a resident of the State. The movement is generally regarded merely as a plot to extort money from the Cresus of the Comstock. It might be aptly designated the Legislative Mining Company, organized for the purpose of sinking a shaft on the Sharon lead; shares \$10,000 each. The Republican majority on joint ballot is twenty-one, and if eleven of those could be induced to join the Democrats and Independents in support of a new man, Sharon would be out in the cold." What a nauseating dose is this. If there are men who are working to bring about such a result, more the pity and shame. The election of a Senator was decided by the people in November. Sharon was virtually elected, and our legislators have but one course to pursue. If there be any disgrace attached to the election of Sharon to the Senate let us stand it like men, and not enact the part of petit larceny thieves.

PRE-EMPTION LAWS.

The lands in the United States can be secured:

First—By purchase at the public sale, where competition is allowed, and the land sold to the highest bidder.

Second—By private purchase, in the absence of competition, when the rated price of the land only is charged.

Third—By purchase under the pre-emption law.

Fourth—By occupancy under the homestead law.

Where lands are sold at the public vendue, the price is of course governed by the competition. When, in the absence of the competition, they are sold at private sale, the price is fixed at \$1 25 per acre, except when, by special legislation, they are rated at double that sum, or \$2 50 per acre. This increase in the price is made only in the case of alternate sections, where remaining sections have been granted to railroads, etc.

Under the pre-emption laws, a party entitled so to do can select a tract not exceeding 160 acres of land, or one-quarter section. By filing a statement in the district office to the effect that he has settled upon the land and intends to claim the same under the pre-emption law, he acquires a preference right of purchase, and is allowed, according to the status of the tract, from one year to two years and nine months after settlement in which to pay for the land.

The person claiming the benefit of the pre-emption law must be the head of a family, or a single man over twenty-one years of age, or a widow, and must be a citizen of the United States, or have filed a declaration of intention to become such. No person who has removed from his own land in the same State or Territory to reside on the public lands, or who is the owner of more than three hundred and twenty acres within the United States, or who has already enjoyed the benefits of the law, can claim as a pre-emptor.

THE LEGISLATURE.—The Legislature effected a permanent organization yesterday. C. C. Stevenson was elected President pro tem of the Senate, S. Pixley, Sergeant at Arms, C. N. Noteware, Secretary, J. K. Everett, Assistant Secretary, Editor Parkinson, of the Carson Tribune, Journal Clerk. We did not learn the names of officers of the Assembly.

Oh, no of course not. for Nels Greenman has a laundry of his own and will do his level best to satisfy his old customers and gobble all new ones in sight. Nels. Greenman, Pedro Laundry.

A Very Quiet Affair—How the Bride Was Dressed—The Marriage Feast—A Unique Wedding Gift.

(From the S. F. Chronicle Jan. 3d.)

The Hon. John P. Jones, one of the United States Senators for Nevada, was married on Friday evening to Miss Georgiana F. Sullivan, youngest daughter of Eugene L. Sullivan of this city, and yesterday morning the happy pair took their departure for Gold Hill, the home of Senator Jones' mother where they will pass a few days of their honeymoon prior to leaving for Washington. The betrothal has long formed one of the staple items of social gossip in the fashionable circles of San Francisco, and during the last few weeks expectation has been on tip-toe for the matrimonial event at any hour. The utmost secrecy surrounded the affair, and no invitations were sent out when the date was finally fixed upon. It was resolved that the ceremony should be as private as possible, and only a few relatives and the most intimate friends of the bride and groom were bidden to the marriage feast.

THE WEDDING

Took place at the residence of the bride's brother-in-law, Dr. George J. Bucknall, 711 Larkin street. The Rev. H. D. Lathrop, Rector of the Church of the Advent, officiated, uniting them in accordance with the rites of the Protestant Episcopal Church. The bride looked lovely. She was attired in a heavy white gros-grain silk dress, en traine, with a dazzling tablier of white bugles as an overskirt. The tablier was looped up behind, and the waist was elegantly trimmed with white bugles and the corsage cut square. She wore an elegant pair of solitaire diamond ear-rings, the gift of the groom, and her coiffure was arranged *a la Reine*, with a large Chateleine braid, through which the bridal veil was fastened. The floral display was exceedingly attractive, the parlor being redolent with the perfume of flowers. The ceremony took place in the front parlor. The bride was escorted into the room by her father, the groom escorting Mrs. Bucknall, the bride's sister.

AFTER THE MARRIAGE

The Senator and his young bride received the hearty congratulations of their friends. At 7:30 p. m. the party, consisting of about forty persons, sat down to a magnificent supper. The health and happiness of the newly wedded pair toasted and an appropriate response made by the groom. At ten o'clock the bride put on her traveling dress, when the happy pair went over to Tabb's Hotel, Oakland. Yesterday morning they departed on the overland train for Gold Hill, the Senator and his bride enjoying the exclusive use of Mr. Sharon's private drawing-room car for the honeymoon trip.

THE PRESENTS.

The bride was the recipient of many costly presents. Among them were two valuable diamond rings, and lockets, chains, etc. One of the most noticeable gifts was an ivory statue of "Ariadne," about twelve inches in height, standing on a base of solid silver. At each corner, supporting the base, stood a silver bear on its hind feet. Around the edges of the base were arranged highly polished quartz specimens from all the mines in which Senator Jones is interested. In the center of the front of the base was a raised circle composed of picks, spades, hammers and other mining implements, in the middle of which was the bride's monogram, the whole piece being about eighteen inches in height. This exquisite work of art was the gift of Mrs. Col. Simpson.

THE BRIDE.

A private letter received in Washington some time ago refers to the bride as follows: "Miss Sullivan is of medium size, with fine stylish figure and very elegant and refined manners. She has a lovely, thoughtful face, crowned with wavy masses of bright blonde hair, of that rare, beautiful tint which looks as if it had held in durance the brightest rays of a Summer Sun. She is a woman with great force of character and a mind well disciplined and highly cultivated."

NEW YEAR'S RECEPTION.—The Carson Tribune, gives the following account, among others, of the New Year's receptions in Carson:

At the residence of Judge Harris, Mrs. Harris and Mrs. Wm. G. Bryant, assisted by that very amiable young lady, Miss Jessie Grieves, received their friends from 10 A. M. to 6 P. M., and we are informed that no less than three hundred people called during that time. Everything was conducted in a stylish manner. On entering the door you were confronted by a colored boy who received your card, he bearing the same to the hostess of the house; you were then conducted to the parlor, where a short period was spent in agreeable conversation. Then you were invited into the dining-room, where a gorgeous spread met your eyes. After partaking of the many good things, you took your hat and staff and went your way. Everything was conducted in a pleasant manner, and we can safely say that none went away unsatisfied. How anybody could after spending a few moments in the company of such excellent ladies, would be a mystery to us.

U. S. Troops Protecting the Louisiana State Government.

NEW ORLEANS, Jan. 4.

At this hour (eight P. M.) U. S. troops are taking possession of the State House by a regiment of Infantry, two columns at parade, the rest extend from Chartres street on St. Louis to the levee. Metropolitan are being placed in position to prevent the near approach to the State House, a squad at Chartres street on St. Louis refused to allow persons to pass out of St. Louis street, stating that only members of the Legislature or State officers were allowed to go by. This squad was under command of a captain. A similar guard will probably be placed on all the approaches to State House. Eighteen hundred U. S. troops will be in position to sustain the State Government.

Irwin—Our Relations With Spain.

CHICAGO, Jan. 4.

A Washington special says Richard B. Irwin said to a reporter who interviewed him, that he will be ready to appear before the House to-morrow and while he did not say he would make a complete disclosure before the bar of the House he intimated that the entire history of the Pacific Mail management and subsidy would be made known. If the committee of eleven men he said declined to admit the entire history of the management of the Pacific Mail Company it will be given as an appendix to their report and spread before the Committee of the whole American people by the newspaper press. Referring to Bill King, Irwin flatly said King had committed perjury. As to Sheumaker he only inquired his whereabouts. Irwin's manner indicates that he has fully determined upon his course before the House. Members of the Committee of Ways and Means who returned to-day from New York say that the prosecution or indictment of Irwin is probably based so that there is no legal hindrance to full disclosures from him.

Secretary Fish had an extended interview with the President on Saturday at which our relations with Spain arising out of the Virginus troubles were discussed. It is stated as the result of the conference that the President, who has long been restive under the policy of the State department has decided upon a vigorous and decisive course with respect to the Virginus indemnity under Republican rule in Spain. Secretary Fish was as lenient as possible with the infant republic then struggling with difficulties and dangers of transition from monarchy and in addition in internecine rebellion because he deemed it the duty of this nation to extend such aid as was in its power to help to found successfully a lasting government of people in Spain. To this end our demands under the protocol made with Admiral Polo and the supplementary negotiations while presented in a dignified and firm manner were not prosecuted with such vigor, the necessity for moral support to Spain of the young republic having been removed by the restoration of the monarchy. It will be remembered that some time ago it was announced that Spain had made a settlement with England for the indemnity demanded arising out of the Virginus troubles. After this fact became public, Secretary Fish stated the claims of the Government would be settled in a manner similar to that entered into with Great Britain and at an early day. The restoration of monarchy gives this Government its first opportunity to demand a prompt settlement of all its claims in a manner which cannot be mistaken.

THERE is no necessity for poor bread, rolls, biscuit or pastry, when housekeepers use Dooley's yeast powder. The perfect purity of the articles entering into its composition insures the same results each time, which deleterious baking powder can not. We challenge comparison with any yeast powder in market, knowing full well that no other similar article is put up with the same care and precision as ours. We give good weight, and guarantee quality and quantity as represented. For sale at retail by grocers in quantities to suit.

Boy Killed—Arrests.

SAN FRANCISCO, JAN. 4.

About 7:45 o'clock last evening, Joseph Demars, a boy, 16 years old, was shot and killed by a German, named Schmitt 62 years old on Jessie street. It seems Schmitt occupied a room on the third floor of a house; part of the same floor being occupied by a shoe factory. The lessees gave him notice to leave as they needed all the space. Last night one of the members of the shoe manufacturing firm instigated some boys to bother the old man and rout him out of the premises. The boys rattled at his door; he came out with a musket on the porch of the second floor. The boys ran away. Directly afterward Demars came along on his way to join the rest of the boys and received the contents of the gun, a charge of buckshot, in his breast. He ran a few steps, fell and died in ten minutes. Schmitt claims the gun went off by accident. He left the house after the shooting. He was arrested and admitted the shooting. A charge of murder was entered against him.

Chas. Graham and Joseph Cosgrove, Barbary Coast rangers, were lodged in the city prison this morning, on a charge of assault to murder and robbery. On the morning of January 1st they attacked a man named Wm. Anderson, corner of Kearny and Pacific streets. One presented a pistol, the other stabbed him in left breast with a dirk, inflicting a serious wound, and robbed him of sixty dollars. The matter was quieted by the authorities pending the arrest.

The notorious burglar Hamilton was arrested last night with a complete set of tools in his possession. When the officer attempted to arrest him he drew his pistol, but was severely clubbed, and taken to the City Prison, on a charge of carrying burglars tools.

SECOND DISPATCH.

Suicide.

EUREKA, Jan. 4.

A young man named Frank Otto Denbel committed suicide Saturday night by taking strychnine. Deceased received a letter from Salt Lake informing him his wife had obtained a divorce. The news effected him deeply. Several times during the day he intimated the intention of taking his life. No attention was paid to the threats, as his acquaintances did not think he would do it. About 2 o'clock he walked into a dance house on Buel street, and asked for port wine, and taking a vial from his pocket poured poison into the glass, and drank the contents. Medical assistance was summoned but too late. The man expired in great agony in about half an hour. Deceased came from Salt Lake.

Wine—Railroad—Purchase—Etc.

LOS ANGELES, Jan. 4.

The wine production of Los Angeles for the past season is about two million gallons.

F. P. F. Temple returned from San Francisco yesterday with the assurance that the Los Angeles and Independence Railroad will be built immediately. Senator Jones and other capitalists having taken \$300,000 worth of stock, and \$100,000 is already subscribed in this city. One hundred Chinamen will leave San Francisco on Wednesday to commence work grading for the track.

Weather dry; prospects unfavorable for rain.

Senator Jones has purchased the Rancho San Vincent Santa Monica for \$162,500. The deed was recorded to-day.

From San Fernando and vicinity come reports of mineral deposits sufficiently authenticated to obtain some credence in that locality named Slater, discovered within five miles of the town a silver ledge of marvelous richness. Several finely prospecting gold ledges have been found in the same vicinity; also a cinnabar mine of apparent great richness; a tin mine has been discovered that assays eighty per cent; a vein of hard good burning coal is among the discoveries. I obtain these reports from Senator MacClay.

Slam Jim, the noted monte sharp, is here.

Drowned.

SAN FRANCISCO, Jan. 4.

The man found drowned in the bay near the junction of Main and Harrison streets, New Year's morning, has been identified as Frank O'Brien, an attache of the County Hospital, who was last seen alive Thursday evening. It is supposed he got drunk and fell overboard. The Coroner's jury this afternoon returned a verdict of accidental death.

DR. A. B. SPINNEY, WELL KNOWN throughout the country as a Pathologist and Physiologist, whose successful treatment of certain physical disabilities and functional derangements deservedly entitled him to the familiar recognition of the GREAT SPECIALIST, would respectfully inform the citizens of Virginia City, Nevada, and vicinity that he can be consulted at No. 188 South C street, Virginia, seven doors north of the French Drug Store, at his office, thus giving invalids an opportunity of ridding themselves, through his professional agency, of such constitutional annoyances and ailments as he claims to compass and to cure. Without entering into biographical details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the Montreal (Canada East) Medical Institute. The regime of the English Pharmaceutical Colleges is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of disease enables him to guarantee assurance of success in the eradication of the multifarious chronic affections incident to both sexes, such as Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments, Chronic and General Afflictions.

TO THE LADIES.

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no hesitancy in assuring them that, in conjunction with a competent knowledge of their various sufferings, such as Nervousness, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Protrusion Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation, and the many petty, irritating distractions that almost invariably have their origin in the uterine region, afford them immediate relief.

YOUNG MEN.

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit five hundred dollars for every case of seminal weakness or private disease of any kind or character which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering upon the last, and are suffering some or all of its evil effects, remember that if you obstinately persist in procrastination, the time must come when the most skillful physicians can render you no assistance; when the door of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed, upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

COME AND BE HEALED.

It matters not what your trouble may be, come and let the Doctor examine your case. It will cost you nothing for consultation, so please call and satisfy yourself whether the Doctor understands your case. If he can cure you he will tell you so; if not, he will say so, for he will not undertake a cure unless he is confident of effecting a cure.

MIDDLE-AGED MEN.

There are many of the age of thirty to sixty who are troubled with too frequent evacuation of the bladder, often accompanied by a slight smarting or burning sensation, and a weakening of the system in a manner the patient cannot account for; on examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin and milky hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs. N. B.—Only an interview required in a majority of cases; balance of treatment can be conducted at home without interruption of business. No cases treated without a personal interview and proper examination. Office hours—10 to 1, 2 to 4, and 7 to 8. Consultation Free. Examination and advice, \$5. s3 17
